

Item 856542

Purus channel 100 is a floor channel made of acid-resistant stainless steel for installation in concrete. The floor channel is 600×100 mm with a mid outlet and is intended for tile flooring with glue flange. The floor channel needs to be supplemented with a strainer/grating due to the environment and an outlet house made of plastic or acid-resistant stainless steel.

Item 856546

Purus channel 100 is a floor channel made of acid-resistant stainless steel for installation in concrete. The floor channel is 800×100 mm with a mid outlet and is intended for tile flooring with glue flange. The floor channel needs to be supplemented with a strainer/grating due to the environment and an outlet house made of plastic or acid-resistant stainless steel.

Item 856550

Purus channel 100 is a floor channel made of acid-resistant stainless steel for installation in concrete. The floor channel is 900×100 mm with a mid outlet and is intended for tile flooring with glue flange. The floor channel needs to be supplemented with a strainer/grating due to the environment and an outlet house made of plastic or acid-resistant stainless steel.

Item 856554

Purus channel 100 is a floor channel made

of acid-resistant stainless steel for installation in concrete. The floor channel is 1000×100 mm with a mid outlet and is intended for tile flooring with glue flange. The floor channel needs to be supplemented with a strainer/grating due to the environment and an outlet house made of plastic or acid-resistant stainless steel

Item 856558

Purus channel 100 is a floor channel made of acid-resistant stainless steel for installation in concrete. The floor channel is 1100×100 mm with a mid outlet and is intended for tile flooring with glue flange. The floor channel needs to be supplemented with a strainer/grating due to the environment and an outlet house made of plastic or acid-resistant stainless steel.

Item 856562

Purus channel 100 is a floor channel made of acid-resistant stainless steel for installation in concrete. The floor channel is 1200×100 mm with a mid outlet and is intended for tile flooring with glue flange. The floor channel needs to be supplemented with a strainer/grating due to the environment and an outlet house made of plastic or acid-resistant stainless steel.

Item 856566

Purus channel 100 is a floor channel made of acid-resistant stainless steel for installation in concrete. The floor channel is 1400×100 mm with a mid outlet and is intended for tile flooring with glue flange. The floor channel needs to be supplemented with a strainer/grating due to the

environment and an outlet house made of plastic or acid-resistant stainless steel.

Item 856570

Purus channel 100 is a floor channel made of acid-resistant stainless steel for installation in concrete. The floor channel is 1500×100 mm with a mid outlet and is intended for tile flooring with glue flange. The floor channel needs to be supplemented with a strainer/grating due to the environment and an outlet house made of plastic or acid-resistant stainless steel.

Item 856574

Purus channel 100 is a floor channel made of acid-resistant stainless steel for installation in concrete. The floor channel is 2000×100 mm with a mid outlet and is intended for tile flooring with glue flange. The floor channel needs to be supplemented with a strainer/grating due to the environment and an outlet house made of plastic or acid-resistant stainless steel.

Item 856578

Purus channel 100 is a floor channel made of acid-resistant stainless steel for installation in concrete. The floor channel is 2500×100 mm with a mid outlet and is intended for tile flooring with glue flange. The floor channel needs to be supplemented with a strainer/grating due to the environment and an outlet house made of plastic or acid-resistant stainless steel.

Item Number	856542
Construction Height	54
Floor Construction	Concrete flooring
Floor Covering	Tiles
Function	Central outlet
Item Color	Stainless
Material	Acid-resistant stainless steel 1.4404
Outlet Dimension	Bottom/side in plastic or stainless steel in Ø50, Ø75 or Ø 110 mm
Size	600×100
Surface	Pickled
Version	Do not forget grid/outlet house
