

Item 818932

Purus channel combo is made of acid-resistant stainless steel with side outlet Ø110 mm for installation in concrete. The floor channel is 300x300x200 and is intended for tiled flooring. There is always residual water in the channel about 50 mm of water forms the water trap in the bottom of the channel and is equipped with a cleaning plug. The floor channel requires an almost continuous flow to function properly. Unsuitable in environments that set hygiene requirements.
