## **PURUS**

Item 3032539

Standard couplings are used to connect two waste water pipes with the same dimension, as well as waste water pipes with the same or different materials and surface structure. Standard couplings are suitable for vertical and horizontal installation. They have two sides, both with hose clamps for external installation of waste water pipes. They are easy to install in a few minutes and are approved for concealed placement. The material is UV-resistant.

## Specifications

Item Number 3032539

**Function** Transition seal outside

**Item Color** Black

Material EPDM, Acid-resistant stainless steel

1.4404

Outlet Dimension 110-125 mm

Pressure Flow 0,6 bar Temp

**Version** Type approved for consealed installation
